## PROFILE

Full-stack developer skilled in building end-to-end web systems, mobile apps, and e-commerce platforms. Strong problem solving skills, fast learner, and capable of working independently. Experienced in client projects, academic excellence, and publishing a mobile app on the Play Store.

## OBJECTIVE

To gain practical experience in a professional IT environment where I can apply my skills in web development, mobile app development, and system design while contributing to real-world projects.

## EXPERIENCE

### Freelance Full-Stack Developer

- Built full-stack systems for clients and student projects (e-commerce, management systems)
- Designed UI/UX and handled deployments
- Provided software & hardware troubleshooting
- Built and deployed custom game prototypes

2023 - Present

### ZapConnect (subcontractor of Globe)

- Network Admin
- Social Media Marketing
- Graphic Designer

July - September 2025
